

FOR BUYERS

If you're looking to buy a green home or building, use an **NAR Green Designee** as your resource throughout the buying process. **NAR Green Designees** work to serve you, not sell you. With extensive education on what makes a green home smarter, healthier, and more energy and resource efficient, an **NAR Green Designee** will discover what green aspects are most important to you and find you the right property.

Buying a home is probably the biggest investment you will ever make, and often the most complex. If you're looking to buy an existing home and make cost-saving green upgrades, an NAR Green Designee can help you:

- Identify green features, appliances, and materials that have the best pay-back period
- Get in contact with green industry professionals that can make it all happen, such as energy raters, contractors, lenders, and more
- Understand green mortgage options (EEMs and EIMs)
- Realize the benefits of an **energy audit** and work towards obtaining one
- Identify ways to improve your home's energy efficiency and indoor air quality
- Take advantage of tax credits and incentives encouraging green improvements

Buy your green home with confidence with an **NAR Green Designee** focused on residential properties. **Get started today!**
